### ASSESSMENT OF COMPETENCE – FI / CRI / IRI

### ASSESSMENT OF COMPETENCE – TRI / SFI

### Instructor Assessment of Competence (see AMC 3 FCL.935)

#### General

- 1) Except for the multi-crew cooperation instructor (MCCI), the synthetic training instructor (STI), the mountain rating instructor (MI) and the flight test instructor (FTI), an applicant for an instructor certificate shall pass an assessment of competence in the appropriate aircraft category to demonstrate to an examiner qualified in accordance with Subpart K, the ability to instruct a student pilot to the level required for the issue of the relevant license, rating or certificate.
- 2) Section 9 of this report form reproduces the Assessment of Competence found at AMC 3 FCL.935
- 3) An Assessment of Competence for an FI, CRI or IRI or TRI (SPA) or (SPH) certificate shall only be conducted by an FIE designated by the HCAA.
- 4) An Assessment of Competence for a TRI (MPA) certificate shall only be conducted by a specifically authorized TRE designated by the HCAA or in the case of an SFI (MPA) certificate by a specifically authorized TRE or SFE designated by the HCAA.
- 5) When an aircraft is used for the assessment, it should meet the requirements for training aircraft.
- 6) If an aircraft is used for the Assessment of Competence, the Examiner acts as the PIC, except in circumstances agreed upon by the Examiner when another instructor is designated as PIC for the flight.
- 7) During the Assessment of Competence, the applicant occupies the seat normally occupied by the instructor (instructors' seat if in an FSTD or pilot seat if in an aircraft), except in the case of balloons. The Examiner, another instructor or, for MPA in an FFS, a real crew or 'dummy crew' under instruction, functions as the 'student'. The applicant is required to explain the relevant exercises and to demonstrate their conduct to the 'student', where appropriate. Thereafter, the 'student' executes the same manoeuvres (if the 'student' is the Examiner or another instructor, this can include typical mistakes of inexperienced students). The applicant is expected to correct mistakes orally or, if necessary, by intervening physically.
- 8) The Assessment of Competence should also include additional demonstration exercises, as decided by the Examiner. The applicant should be briefed on these exercises prior to conducting the Assessment of Competence. These additional exercises should be related to the training requirements for the applicable Instructor Certificate.
- 9) Part-FCL does not specify the criteria for a 'Pass', 'Fail' or 'Partial Pass' of the Assessment of Competence for the grant of an Instructor Certificate, therefore it is the responsibility of the Examiner to determine the outcome of the assessment.

In General Examiners should apply the following guidance :

- (i) The applicant shall pass all sections of the Assessment of Competence. If any item in a section is failed, that section is failed. Failure in more than one section will require the applicant to take the entire Assessment of Competence again. Any applicant, failing only one section, shall take the failed section again (Partial Pass).

Failure in any section of the 2<sup>nd</sup> Attempt, including those sections that have been passed at the 1<sup>st</sup> attempt, will require the applicant to take the entire Assessment of Competence again.

## SUBPART J - INSTRUCTOR APPLICATION & ASSESSMENT FORM

ISSUE / RE-VALIDATION / RENEWAL / EXTENSION

In summary,

- a) All sections passed = Pass.
- b) One section failed = Partial Pass
- c) More than one section failed = Fail

- 10) The Examiner may terminate the Assessment of Competence at any stage if it is considered that the applicant's demonstration of flying or instructional skills will require a complete re-test.
- 11) For Flight Instructor (FI) assessments, section 1, the oral theoretical knowledge examination part of the Assessment of Competence, is subdivided into two parts:
  - (i) The applicant is required to give a lecture under test conditions to other 'student(s)', one of whom will be the Examiner. The test lecture is to be selected from items of section 1. The amount of time for preparation of the test lecture is agreed upon beforehand with the Examiner. Appropriate literature may be used by the applicant. The test lecture should not exceed 45 minutes;
  - (ii) The applicant is tested orally by an Examiner for knowledge of items of section 1 and the 'core instructor competencies: teaching and learning' content given in the instructor courses.
- 12) Sections 2, 3 and 5 are for all FIs. These sections comprise exercises to demonstrate the ability to be an FI (for example instructor demonstration exercises) chosen by the Examiner from the flight syllabus of the FI training courses. The applicant is required to demonstrate FI abilities, including briefing, flight instruction and de-briefing.
- 13) For other category of Pilot Instructors, the Examiner must decide which competencies are not applicable to the Assessment of Competence (e.g. some items may not be applicable to IOS in FSTD). In these cases, the Examiner should tick the N/A column of section 6.
- 14) Otherwise, the Examiner should clearly write PASS or FAIL in the applicable space beside each item on the Assessment form.
- 15) Section 4 comprises additional instructor demonstration exercises for an FI for ME aircraft. This section, if applicable, is done in an ME aircraft, or an FFS or FNPT II simulating an ME aircraft. This section is completed in addition to sections 2, 3 and 5.
- 16) Copies of the report shall be submitted to or retained by:
  - (iii) The Applicant
  - (iv) The Examiner
  - (v) The Hellenic Civil Aviation Authority
  - (vi) The Examiner's Competent Authority (if different).
- 17) Applicants for an Instructor Certificate shall **send the originals of the applicable application pages by mail ONLY** to [info@hcaa.gov.gr](mailto:info@hcaa.gov.gr) with subject **PEL-FCL- INSTRUCTOR (License Number & Last Name)**

**Note:** The Training and Assessment of Instructors should be made against the performance standards at Appendix A to this form **"Instructor Competencies and Assessment"** (see **AMC1 FCL.920**):
